# Articulating Arm Post Stand w/ Microscope Mount And Table Clamp

Articulating arm stand for use with microscopes. Requires Aven's E-Arm Focus Mount to mount a microscope.

Features a 415mm (16.33in) articulating arm with two articulating joints on a 450mm (17.7in) post. Includes a built-in table clamp with dual locks for added stability. The arm can be raised/lowered and rotated to the ideal position.

- Compact and convenient
- Articulating arm can be moved when not in use
- Designed for use with Aven's e-arm focus mounts
- Ideal for microscopes and digital microscopes
- 16.3" articulating arm
- 17.7" post stand
- Heavy duty table clamp
